

Find out more about animals that live in rock pools by looking at the YouTube video of 25 Sea Creatures You Can Find Rock Pooling in the UK! Maybe you could even draw some and label them.

Think about the things you would need to take to the beach so that you can have fun and keep safe. Can you make a list?

The oceans contain some of the largest animals on the planet. Use a tablet or computer to look at these amazing animals:

- blue whale
- giant squid
- ocean sunfish
- manta ray
- whale shark
- coconut crab

Make an under the sea collage picture. Think carefully about the animals and plants you will add. You could use lots of different items you find around the house to make the amazing sea creatures.

On the Beach

Watch an episode of *Andy's Aquatic Adventures* on BBC iPlayer. Learn and remember one fact and then tell it to a grown up. You could also have a go at writing it and then bring it into school to teach others.

Visit the beach or look at photographs of days out at the beach. What could you see, hear, smell, touch and taste? Talk about the activities you enjoy when you visit the beach.

Draw a picture of the beach.

Build a boat out of things you find around your house. Then, see if it will float on water. Add some little people or objects to it and see how many it can carry.

Become a science investigator. Use lots of different items from around your house such as buckets, plastic bottles, plastic containers, Find out which container holds the most water.
